

## Family Owned Rx Systems Inc celebrates 40<sup>th</sup> Anniversary

July, 2019 – Headquartered in Saint Charles, MO, Rx Systems, Inc. is a family owned full-service provider of pharmacy packaging and supplies for the community and institutional pharmacy markets nationwide. The company is celebrating its 40<sup>th</sup> anniversary July 6, 2019. Founder & CEO, Richard Jensen started the company that has grown to over 250 employees with locations in five states.

“We are fortunate to have employed an excellent core team to help our sustained growth over the years. Having so many employees working for one company over 25-30+ years is something to be proud of. Our customer base has succeeded because of the exceptional service and personal contact they provide their customers, and that is the same culture we strive to achieve on a daily basis. We thank our loyal customers for their continued support,” stated President, Jason Jensen.

About Rx Systems, Inc.: Rx Systems, Inc. services independent, community and institutional pharmacies and is the only US company to manufacture and distribute four major packaging categories - Rx labels, Bags, Vials & Pill Cards. They are also the leading distributor of the Eyecon visual pill counter. The company has prospered through reinvestment in manufacturing and distribution, while maintaining Field Representatives to provide personal service to accounts. Headquartered in Saint Charles, MO, the company later expanded to Arizona, Florida, Pennsylvania and Texas and now occupies more than 200,000 square feet of office, manufacturing and warehouse space. In 2014, Founder & CEO, Richard Jensen stepped down as President, promoting Jason Jensen, who has now been with the company for 29 years. Other family members employed by Rx Systems include Derek Jensen (20 years), Vice President of Sales and Eve (Jensen) Beye (10 years), Operations Manager.
